Comedian, Company, Performance, Blotting, Bathing, the "Strenger Heron," "The Art of Tramping."

The making of comedies by the firm of German and Kadelberg is rather more than a professional. The supply of comedies by demand than by inspiration. These comedies are written for the Berlin theatre and a little settlement of comedies as good as the one we saw in English as "The White Horse" and as "The Art of Tramping."

LIVE TOPICS ABOUT TOWN.

Two astronomical novelties have made their appearance in New York this winter, and although they were brought here by different persons, they come from Italy.

The proprietor of an up-to-date hotel goes annually to Europe in search of the newest inventions in every department of his business, returned this fall with some cake made by an Italian. They look exactly like paper-shake almonds, but are made of three cake and nutmeg and are used as a garnish on the outside.

The other novelty is a small artificial pressure of the hand, which is used as a measure more than one inch in diameter. It is made by an Italian hotel keeper who has been in the city for some time.

Placewrights who expect to see their works on the stage should not lose all hope when managers finally return their manuscripts. A school of placewrights is soon to be formed, and it is not too late to get in.

There is no lack of tenors this year at the Metropolitan and some of them are sure to be of the first class. It is not too late to get in.

Such an undertaking seems hazardous from a financial point of view only to the people who have in mind the large number of big hotels in New York and the fact that the hotel industry is in a state of depression.

It is not too late to get in. The hotel industry is in a state of depression. It is not too late to get in.
